Judy Kessinger started her career owning and operating a small retail fabric store in Louisville, Kentucky. She traveled nationwide holding seminars for Hancock Fabrics for over 25 years. She designed costumes for national and international figure skaters and created a fast and easy way to conquer fitting problems for that field. Judy's next goal was to make stress-free sewing with simple solutions for fitting. Her personal style included many relaxed, comfortable, well fitted outfits. In her search for the "perfect" pattern, she decided to use her experience and create the system herself. The Master Tops and Master Pants patterns were born!

Once you FIT the basic pattern, you can build and create an entire wardrobe on those two patterns. Judy is known by many as the Fit Doctor, curing the ills of the sewing "blues." Sewing is the easy part, but it's the FITTING that makes garments come alive and compliment the body instead of just covering it! Her web site, www.fitnicesystem.com has allowed her to expand into more teaching tools for her "sewing Sister" with videos and online classes. Judy has been blessed to have touched the lives of countless women. She has taught them the tricks of looking trim and feeling fantastic by simply fitting themselves properly.
